

COURSE DATA SHEET

| Inspection & Testing

City & Guilds 2392 Fundamental Test & Inspection

This three-day level 2 qualification is aimed at those who have not carried out inspection and testing or who require some update training before going on to the City & Guilds Level 3 Test and Inspection. It prepares candidates for the initial verification of electrical installation in single phase.

Course Content

- Requirements of 18th Edition Wiring Regulations for inspection, testing and certification
- Preparation for initial inspection and testing
- Inspection, testing and certifying, using IET Guidance Note 3
- Hands-on practical work with test equipment
- Practicing filling in the main standard certificates, forms and schedules

To achieve this qualification delegates are required to pass a practical assessment and an open-book multi-choice on-line exam

Who should attend this course?

We strongly recommend that candidates have the latest City & Guilds Wiring Regulations qualification prior to taking this course, although this is not a mandatory entry requirement.

Duration & Cost

3 days

£455 + VAT (£546)

Includes examination fees and a buffet lunch each day
