

COURSE DATA SHEET

| Wiring Regulations

City & Guilds 2382-22

This course is designed to give the candidate a working knowledge of the Wiring Regulations and includes a brief overview of the Electricity at Work Regulations explaining the statutory duties imposed on competent persons.

Previous knowledge of the regulations is not required; however, a fundamental knowledge of electrical principles is desirable.

Course Content

- The legal status and association with statutory documents
- Scope, object and fundamental requirements for safety
- Assessment of general characteristics of the supply
- Protection for safety
- Selection and erection of equipment
- Inspection and Testing
- Special installations or locations
- Preparation for the City & Guilds 2382-18 examination

To achieve this qualification delegates are required to pass a 2-hour multiple choice, open book, on-line exam with instant result.

Who Should Attend the Training Course?

- Electricians
- Maintenance Personnel
- Supervisors
- Managers
- Anyone dealing with electrical installations or wiring
